

NATURAL PLAY & LEARNING AREA

TAYLOR MOUNTAIN REGIONAL PARK & OPEN SPACE

PROJECT VISION

Create a nature inspired, play area for children to engage their senses in unstructured play and learn about the natural environment of Taylor Mountain Regional Park. The proposed site is located at the new trailhead off Petaluma Hill Road adjacent to the picnic area. The project will use landform, vegetation and other natural materials to create a diverse, and exciting landscape for children and their families to explore.

PROJECT LOCATION
new trailhead on
Petaluma Hill Road

Exploration & Observation

Physical Challenges

Interpretation & Learning

Interactive Elements

Sample imagery from other natural play area projects.
